

The AR Reliance Score Report

February 2024

Vertical IQ and Lendovative are working together to provide the AR Reliance Score – a sales tool for lenders that provides accounts receivable (AR) financing to SMBs in the United States. Utilizing data from the Risk Management Association (RMA) relating to AR and average industry growth rates, the AR Reliance Score serves as an indicator of how likely specific NAICS groups are to need receivables financing over the short term.
